

## Company Profile

### History

Heuff Sound & Vision is a Dutch company Located in Maarsbergen near Utrecht.

The company was founded in 1982 as Sound & Light rental company

The knowledge that was gained in rental was soon to be exploited into fixed installations and specific sound solutions .

In 1995 Heuf Sound & Vision moved to a new location where it had room to expand to a more professional & better organized company.

Sales activities & operating area grew so quickly that it became strategically wise to start importing and distributing brands in the Benelux instead of buying local.

Our current catalogue contains:

### **FOHNN**

High end loudspeaker manufacturer located in Germany for install & live sound applications.

### **PROEL**

Manufacturer of a very broad range of products from accessories - install & live-Sound Products.

### **LEM**

Loudspeaker manufacturer located in Italy mainly focused on M.I. market

### **BITTNER AUDIO**

High end amplifier manufacturer located in Germany, focused on 100v and specific products that comply to the toughest European safety regulations.

### **FITNESSAUDIO.**

Specialised manufacturer of Aeromic and specific solutions for the fitness market

### Logistic

We have chosen to outsource our warehouse to an external provider (GLS).

They are Holding around 600 pallets of stock for Heuff Sound & Vision and are handling all international and local transports.

This Set-up gives us the chance to spend more time to our Core-Business.

Our main office in Maarsbergen measures around 750 m2 and houses our Offices, Showroom, Service & Rental department.
